

Welcome to Our Practice

Daniel O. Beck, M.D.

Dallas Plastic Surgery Institute- Dallas, Southlake

Dear Patient,

We are pleased to welcome you to our plastic surgery practice. We sincerely appreciate the opportunity to take care of you and look forward to a long-lasting relationship. We value the level of trust you are placing in us; therefore our commitment to you is to provide the highest level of care beginning with your initial visit.

During the consultation, we spend time getting to know your personal improvement goals and the results you hope to achieve. Together, we create an individualized plan to meet your desires. After your visit, we remain available to you as needed. We encourage you to reach out to our staff at any time as questions arise. Either my practice manager or myself are always available to speak to you personally. For your convenience, copies of all the pre-procedure and post-procedure forms provided at your visit can be accessed on our website www.beckplasticsurgery.com.

Our dedication to your care continues after your procedure as part of our comprehensive wellness experience. Inclusive to your surgery, you will receive all the necessary components (skin care, dressings, light resurfacing, etc.) to optimize your recovery. We expect to be a close partner with you throughout your recovery.

Thank you for visiting with us today. We understand that the decision to proceed with surgery is not always an easy one. We are here to provide you with as much information as possible in order to assist you in making the choice that is right for you.

All our best,

Dr. Daniel O. Beck and Staff
