

How to Access Your Personal Health Records

Navigating through patient portal

Step 1: You can access the Village Health Partners patient portal by visiting <https://health.healow.com/villagehealth> or by [clicking here](#).

Step 2: Then proceed to log into your portal.

The screenshot shows the top navigation bar with the Village Health Partners logo and a language selector for Spanish. Below the navigation bar is a welcome message for Village Pediatrics Plano. A section for the Healow mobile app is visible, along with a 'Book an appointment with your doctor' section listing three doctors: Abel Garduno, Aleksandra Fuller, and Alycia Hawkins, each with a 'Book an appointment' button.

The screenshot shows the login page with the heading 'LOGIN TO YOUR ACCOUNT'. It includes a text box for 'Using Mobile Phone', a section for 'Enter the details below' with fields for 'User Name' and 'Password', and a 'Login' button. A large orange arrow points to the 'Login' button.

Step 3: Once logged into your portal, it will open up to your **dashboard**. In the left menu bar, click on **“Medical Records”**, then **“Personal Health Record”**.

Step 4: Within the **Personal Health Record** page, please enter **From** and **To** dates. You can enter the past year or less. All chronic conditions will show, regardless of the original diagnosis date. Enter the dates and press **“Submit”**.

Note: It may take a few minutes to generate your medical history file, depending on the content amount (ex: patients with more conditions or longer medication lists will take longer to generate).

Step 5: Once your portal has completed generating your medical history file, click on **“Download as PDF”** or **“Print”**.
