

Financial Responsibility for Dental Services

We believe in the importance of quality dental care, and we strive to provide the best dental treatment possible. Also, we understand that financial limitations do influence your choice of care, that's why we always present you with the best dental solution possible to treat your personal situation.

If you have dental benefits, your benefits are based upon a contract made between you or your employer and an insurance company. If you have questions regarding your dental benefits please contact your employer or insurance company directly. Dental benefit plans will never pay for all of your dental care expenses, they are only meant to assist you. We bill your insurance as a courtesy, but please remember that you are responsible for the remaining portion of your treatment not covered by insurance. Also your responsibility IS AN ESTIMATE, based on your benefits, your full financial responsibility will be determined after insurance pays their portion. Because we, too, must balance our finances, we do ask that you pay your estimated portion of the bill at the time of your treatment. In the event that there is a divorce decree stating that both parents are responsible for a portion of your child/children's medical bills, Carefree Smiles Dentistry is not responsible for collecting payment from the other parent.

If you have further questions regarding payment for services rendered, please feel free to discuss this with our front office staff and they will gladly assist you. Thank you for your understanding and trust in our office.
