AWAKEN AND REFRESH YOUR LOOK

By

DR. JAMES R. GORDON

WESTCHESTER, NEW YORK

R

ecognized as one

of the top cosmetic surgeons by *The New York Times*, Dr. James R. Gordon has more than 15 years of extensive experience in eyelid and facial rejuvenation. Having successfully performed thousands of surgeries, Dr. Gordon is dedicated to performing each procedure with the latest innovative techniques aimed at enhancing each patient's natural beauty. "I love to help my patients age gracefully throughout all stages of their life," says Dr. Gordon. His specialized expertise in both surgical and noninvasive treatments provides patients with a winning array of rejuvenative and regenerative solutions to help them look and feel their absolute best.

“

I treat all my patients as if they were my own mother.

WHO I AM

1.

MY PHILOSOPHY

Less is more—I love little refinements that create the most dramatic results

2.

WHAT DRIVES ME

Seeing my patients happy—there is no better reward

3.

MY PROFESSIONAL ACCOMPLISHMENT

Being recognized by my peers and patients as an innovator and leader in clinical practice and cosmetic laser development

4.

HOW I DEFINE GREAT RESULTS

The best cosmetic procedure goes unnoticed; it should make you look refreshed, not different

5.

HOW I EASE PATIENT ANXIETY

I do not push my patients into any kind of procedure and make sure to give them the time they need to have all of their questions answered; I provide them with the knowledge to make an informed decision

6.

MY COMBINED APPROACH

I like to customize a blend of treatments to achieve every patient's unique needs and personal goals

7.

WHAT FASCINATES ME MOST ABOUT THE EYES

We smile and make the first impression with our eyes; the right treatment around the eye area can rejuvenate our look and our lives

8.

THE FUTURE OF MY FIELD

Instant treatments that promote youth with no pain and no downtime

Dr. Gordon also trains other physicians around the world on new technologies.

ABOUT DR. GORDON
