

Preparing Your Skin for the Best Possible Results

Preparing your skin for a peel is just as important as the peel itself. Conditioning your skin prior to the application of a peel will improve its overall health. What's more, skin that has been properly conditioned will also heal at an accelerated rate, allowing for improved peel results. Your ZO® skincare professional can determine the most effective pre- and post-conditioning program for your skin condition and peel procedure.

ZEIN OBAGI MD™

ZO® CONTROLLED DEPTH PEEL™

Peel Strength: Maximal

The ZO® Controlled Depth Peel™ is a maximal-strength peel, ideal for patients seeking dramatic, long-lasting skin renewal.

- Reduces brown spots, age spots and uneven pigmentation
- Minimizes or eliminates the appearance of melasma
- Improves the texture of leathery, sun-damaged skin
- Treats acne and post-inflammatory hyperpigmentation
- Reduces the prevalence of fine lines and wrinkles
- Tightens lax skin

ZO® 3-STEP PEEL™

Peel Strength: Aggressive

The ZO® 3-Step Peel™ is an aggressive-strength peel suitable for all skin types and colors. This innovative in-office treatment is followed by an at-home treatment that yields longer lasting results than ordinary peels.

- Improves skin's ability to repair and renew for softer skin and a more even skin tone
- Provides powerful antioxidants that help repair skin damage from pollution
- Enhances skin's natural DNA protection
- Boosts collagen for visible firming and wrinkle reduction
- Supports barrier restoration

OSSENTIAL® STIMULATOR PEEL

Peel Strength: Mild

The Ossential® Stimulator Peel is the perfect "lunchtime" peel for all skin types, providing healthier skin with no irritation or down time.

- Stimulates epidermal turnover
- Reduces comedogenic acne
- Controls sebum excretion
- Smooths skin and evens skin tone
- Improves pigmentation
- Minimizes appearance of fine lines
- Leaves skin calm without irritation

AT-HOMETREATMENTS

Designed to enhance and maintain your ZO® skincare results

ZO® RETINOL STIMULATION PEEL

Peel Strength: Moderate to mild

The ZO® Retinol Stimulation Peel is ideal for fast and effective anti-aging benefits at home. This physician-directed, at-home peel utilizes Ossential® Advanced Radical Night Repair for a customizable peel of moderate-to-mild strength.

- Smooths and improves skin texture
- Minimizes the appearance of fine lines
- Repairs damaged surface skin

Indications

Rough texture
Uneven skin tone
Dullness
Fine lines

Usage / Frequency

Every month or as directed by a physician

Healing Time

3-5 days

INVISAPEEL™ INTENSIVE RESURFACING PEEL

Peel Strength: Light with no visible peeling

Invisapeel™ Intensive Resurfacing Peel is a unique, at-home peel formulated to show no apparent signs of peeling or irritation. It leaves the skin noticeably softer and brighter. Additionally, it is suitable for all ages, skin types and conditions.

- Enhances the results of topical agents
- Optimizes and accelerates treatment results
- Improves skin barrier function

Indications

Flakiness
Dullness
Dryness

Usage / Frequency

2-3 times per week

Healing Time

None

Indications

Melasma
Scars
Severe skin laxity
Severe textural damage

Usage / Frequency

As directed by a physician

Healing Time

5-14 days

Ask your skincare professional about our patented ZO® Post Procedure Recovery System, designed to drastically reduce healing time following laser resurfacing procedures and chemical peels.

Indications
